Vol. 2, No. 16

RUSHVILLE, IND. FRIDAY EVENING, MARCH 31, 1905.

Single Copies, 2 Cents

JOHN BAPTIST IS ARRESTED

Armenian "Lecturer" is Apprehended by Police at Indianapolis.

Was Found Looting the Pockets of a Dead Man—Had Been in Workhouse Before.

John Baptist, the Armenian "lecturer," who has given many entertainments in the smaller towns of the county and who is widely known, was arrested near Acton Wednesday while in the act of looting the pockets of Harry Leighton, whose mangled body was found along the Big Four railroad track. Concerning the arrest the Indianapolis Star says:

Shortly after the body was found John Baptist, an Armenian, recently released from the work house here, was found searching the coat of the dead man. Deputy Coroner Sutherland, of Acton, brought the Armenian to Indianapolis, and he was locked up at the police station to await an investigation of the case.

At police headquarters yesterday afternoon Baptist denied any connection with the tragic event. He said he was walking up the railroad track and found the coat, but did not know that it belonged to the dead man. He said while he was looking at the coat a section man, who was working near, pointed out the mangled body.

Baptist has been in police circles before. He was arrested a short time ago and sent to the work house. He got away from the work house Tuesday afternoon. He is not considered a bad character, however, and the officers are rather inclined to think that he had nothing to do with Leighton's death, but they will investigate the case.

Baptist, who, it is said, is attending medical school at Indianapolis, is a graduate of a theological school in Tennessee and is presumably preparing for the missionary service in his native land. He makes a business of lecturing throughout the country towns, where he obtains money enough to pay his schooling expenses. He has lectured some at Glenwood, New Salem, Andersonville and other towns in this and surrounding counties. There has been some suspicion that he has been working a graft and the officers have been keeping their eyes on him.

UNION COUNTY HAS OIL FEVER

Land is Being Leased in the Southern Part—A Home Enterprise.

A company has been organized for the leasing of lands and drilling for oil in Union county, says the Liberty Express. Jas. Davis, Smith and Charley Mitchell and a number of other capitalists of that county, are prosecuting this work. Lands have been leased in the southern part of the county, and as soon as sufficient acreage has been leased the articles of incorporation will be filed and the active work of sinking wells will be begun.

NEW WATER SUPPLY

Jeffersonville, Ind., March 31.—Superintendent David Allen has completed driving four experimental wells, and will install pumps to test the new source of supply from which it is proposed to draw water for the city of Jeffersonville. From the appearance of pebbles brought up in sinking the wells, Captain Allen is convinced he has struck running water, thus lending color to Engineer Lyon's theory that it is practically an underground river that flows in the old river channel.

A SUSPICIOUS CASE

September Smithy's Death May Have Been Suicide or Murder.

Greenfield, Ind., March 31.—The body of September Smithy, a farm laborer employed on the farm owned by Mrs. Rose Kittley, two miles east of Cumberland, was found dead in bed. A bullet had passed through the heart and near by lay the revolver. While the general indications point to suicide, there is suspicion of foul play. Mrs. Kittley was awakened by the sound of the revolver shot, followed almost immediately by the sound of a slamming door. She ran to the room occupied by Smithy, and found him gasping in death. He died without speaking.

Smithy was of a peaceable disposition save when dissipating, when, it is said, he was ugly and quarrelsome. He had some trouble with rival suitors, a young woman at Cumberland being the object of attraction, and he is said to have told a friend several days ago that if he did not leave Cumberland he would be killed. There were no powder stains surrounding the hole in his nightshirt cut by the bullet, neither was the body powder marked.

OPERATION MAY BE PERFORMED

Dr. Sexton, of This City, Called in Consultation Over Samuel Waggoner.

Samuel Waggoner, the night engineer at the Indiana & Cincinnati Traction company's power house, at Shelbyville, who was so badly injured Saturday night by jumping out of a door and falling against a car, is still in a very bad condition, and the accident may yet result fatally. Dr. J. C. Sexton, of this city, surgeon for the company, together with Dr. Thomas G. Green, and Dr. Thomas C. Kennedy, of Shelbyville, the latter being surgeon for the Shelbyville branch of the line, held a consultation in regard to his condition Wednesday afternoon, and they have reached the conclusion that a blood vessel has been ruptured and that an operation had to be performed on the injured man.

STEALING COAL FROM RAILROADS

The Pennsylvania Lines Lose Hundreds of Dollars in This Way Each Year.

An official of the Pennsylvania lines states that the company's loss by stolen coal would amount to hundreds of dollars.

Coal thieves are the most persistent that railroads have to deal with. Storage yards seem to be considered legitimate supply sources for the dwellers in the vicinity and railroad employes themselves are among the chief offenders.

On a line like the Pennsylvania, with thousands of miles of trackage and with coal one of its principal freight items, the yearly loss from these thefts runs up into many thousands of dollars. Leaving the pits, the cars are heaped as full as possible. When these cars reach the consignees the quantity is perceptibly diminished.

When cars were hauled into storage yards or were side tracked, last winter, they were raided by children, sent by their parents, and even by the parents themselves. The coal is kicked off the cars and allowed to lie along side the track until the train moves out and the raiders deem it safe to go and pick up their spoils. The coal thus secured is not only used for home consumption, but is sold by the thieves for a couple of dollars less than the dealer receives for it.

IT IS SAID TO BE A DEAD ONE

The Proposed Columbus, Greensburg & Richmond Traction Line is Off.

The Columbus Republican Makes Disrespectful Reference to Its Demise.

The Columbus Republican laments as follows over the demise of the proposed Columbus, Greensburg & Richmond traction line which included part of this county on its route:

Would it not be pleasant, one of these warm spring days, to board one of the handsome Columbus, Greensburg & Richmond Traction company's cars in this city and go to the park near Hartsville for a few hours' recreation. There the care and worry of business could be forgotten and the city resident could idly sit and watch the mud turtle as he basked in the afternoon sun from his perch on the end of a log near the water's edge.

Yes, this is a pipe dream. The C. G. & R. cars are not yet running.

The turtle takes his sun bath all right, but there is no park in which the city resident can sit and watch him. The park was promised and so was the road; so were the handsome new cars and the rapid service, but they are the things of yesterday; they do not seem to be realized by the average person. Nothing has been heard from the Columbus, Greensburg & Richmond road for many moons. Every once in a while a little rumor starts that the road will be built and then the little rumor dies and is buried beside the many others which have gone before.

ARE WANTED IN NEW YORK

J. Morgan Smith and His Wife are Arrested at Cincinnati.

Cincinnati, March 31.—J. Morgan Smith and wife were arrested in this city on a telegraphic request of District Attorney Jerome of New York city, accused of conspiracy to commit murder. Nan Patterson, the actress who has been twice put on trial for the murder of Caesar Young in New York on May 4, 1904, is charged with conspiracy in the same connection. New indictments to this effect having been found in New York. Smith and his wife left New York a few months after the murder and before the beginning of the trial and for a long time the authorities were unable to locate them. Smith's identity and his identity as a conspirator were vital to the case and the authorities were anxious to get him.

WAS TOO SWIFT

Jeffersonville, Ind., March 31.—The Joe B. Williams, one of the largest towboats belonging to the Monongahela Coal and Coke company, lost 40,000 bushels of coal while taking a tow of forty barges and boats over the falls. She was assisted by the tug Wash Gray, but the swiftness of the current carried the tow against one of the piers of the Pennsylvania bridge, with the result that one boat and one barge were sent to the bottom.

Possible Job for Militia.
Hammond, Ind., March 31.—Governor Hanly has served notice that rioting at the Inland Steel company's plant at Indiana Harbor will not be tolerated, and that if any outbreaks occur he will send militia to protect property. The threatened trouble grew out of the announcement that the company would start up its sheet mill with non-union men. The entire plant is now running.

GOING RIGHT AHEAD

Rumored Peace Talk Has Not Deterred the Japanese Preparations.

LOKIO, March 31.—The various rumors of peace negotiations emanating from Europe and the United States are published and commented upon here. Apparently they don't affect the attitude of the Japanese government and people toward the war. The press echoes the announced determination of Japan to vigorously push the military operations unmoved and undeterred by discussions of events in Russia or elsewhere. The Jiji declares that the successive reverses have not affected Russia. Emperor Nicholas, the paper adds, is unwilling to sacrifice the prestige of his house or surrender the position of controlling influence Russia has heretofore held over the powers of Europe. Field Marshal Oyama's army will continue its forward movement and not give Russia a breathing moment. The Kokumin pronounces the war to be senseless and wasteful on the part of Russia, but the paper says if she chooses to shut her eyes to the light of reason Japan will profit by her blindness.

WATSON'S SPEECH ON PHILIPPINES

Col. Edwards, Lets Out the Secret of Mr. Watson's Wonderful Knowledge.

Louis Ludlow, the Washington correspondent for the Indianapolis Star, has the following relating to Congressman Watson's speech on the Philippine question:

"I am more than pleased that Congressman Watson is going with us on our Philippine trip," said Col. Clarence R. Edwards, chief of the Insular Bureau of the War Department, "because he made the best speech on the Philippine question that I ever had the pleasure of reading."

"It happened in this way: One day I received a telephone message from Mr. Watson, who was then at the House of Representatives. He said that the Democrats up at the House were popping away at the Republicans on the Philippine situation and he wanted to answer them. He admitted that the question was a strange one to him, but he thought somebody ought to get back at the Democrats. He asked me to give him some data to be embodied in his speech."

"How soon are you going to speak?" I asked.

"Not later than an hour from now," he replied.

"I called several stenographers to my side, and digging into the records, prepared the data that Mr. Watson wanted and sent it sheet by sheet as fast as completed, to him at the House of Representatives. When the hour expired he was ready. He held the House spellbound while he made a speech, which in my judgment never has been equalled in all of the discussions of the Philippine problem."

BY A TROLLEY CAR

Greenfield, Ind., March 31.—Mrs. Henry Myers, wife of a farmer near Cumberland, was struck by the limited car on the Indianapolis & Eastern interurban railway and killed. Mrs. Myers was driving and had crossed the track in front of the approaching car, but the horse became frightened and backed the vehicle back on the rails. The car was running at a rapid rate, and when it struck the buggy Mrs. Myers was hurled many feet away. Her head and side were crushed, and she lived but a few minutes. She was forty-two years old and the mother of three children.

Northern Indiana Teachers.
Anderson, Ind., March 31.—The 23d annual meeting of the Northern Indiana Teachers' association will be held at Chicago next week. The association president, John W. Carr of this city, and the executive committee chairman, W. A. Wirt of Bluffton, state that all arrangements for the meeting, April 6 to 8, have been perfected.

TEACHERS' GATHERING

Southern Indiana Association in Session at Indianapolis This Week.

Governor Hanly Bade the Teachers Welcome at the Opening Meeting

Indianapolis, March 31.—Several hundred members of the Southern Indiana Teachers' association have gathered in Indianapolis for the 29th annual convention of the association. Pupils of the Manual Training and Shortridge high schools, appropriately decorated and designated by white badges, met incoming trains and interurban cars and escorted the visitors to the Grand hotel, or to various places of interest about the city.

The first meeting of the session was held last evening in Tomlinson hall. Addresses of welcome were made by Governor Hanly and A. M. Sweeney, president of the Indianapolis school board. A short talk was given by Superintendent of Schools C. N. Kendall. Following the informal addresses the regular program of the evening was taken up. Dr. Eric Erle Sparks of Chicago university delivered an address on "The Limitations of Learning."

This morning the serious business of the convention was taken up when the various sections of the association met. The primary section met in the Roberts Park church, the grammar section in the Benjamin Harrison school and the high school section in the Shortridge high school. The convention will be concluded Saturday morning with an address on "Booker Washington and His Work," by Dr. W. G. Weatherly of the University of Indiana.

THE GREAT INCONEE

Thomas H. Watts, Supreme Head of the Red Men, Passes to the Spirit Land.

Word has been received of the death of Thomas H. Watts, of Montgomery, Ala., Great Incone of the Improved Order of Red Men of the United States, the supreme head of the order.

It has been generally known for some time that Mr. Watts was suffering from rheumatic affection, but it was not generally known that his case was serious and the announcement of his death will be a great shock to all members of the order.

Thomas H. Watts, was a prominent lawyer and was a former member of the legislature of Alabama. He also served as a member of the constitutional convention. He was a son of the Confederate governor of Alabama.

Great Incone Watts was elected to the position of Great Incone of the United States Improved Order of Red Men, at the last session of the Great Council held at St. Joseph Mo., last September.

The writer has been intimately acquainted with the deceased for over four years and has found him at all times a true Red Man and a most pleasant and exceedingly jovial gentleman, one who was ready at all times to do his full duty to the order and to accord to all representatives on the floor of the Great Council of the United States an impartial hearing. As Great Senior Sagamore for two years prior to his elevation to the position of Great Incone, he often assumed the principal stump to relieve the presiding Great Incone for several hours at a time. No member of the Great Council of the United States will be more widely missed than brother Watts.

By his death, John W. Cherry, of Norfolk, Va., will be advanced to the position of Great Incone and W. A. S. Bird, of Topeka, Kansas, the present Great Junior Sagamore will be advanced to the position formerly occupied by Brother Cherry and at the next session of the Great Council of the United States another brother will be elected as Great Junior Sagamore.

SERIOUS DIFFERENCE

John Rockefeller's Gift Creates a Stir in Congregational Circles.

Boston, March 31.—Despite the fact that the prudential committee of the American board of commissioners for foreign missions has practically decided to accept the gift of \$100,000 from John D. Rockefeller, to further the work of the board, a committee representing the Congregational clergymen of Boston and vicinity, who are opposed to the acceptance of the gift, has decided to continue the protest. It was agreed by the members of the committee that a wide expression of opinion on the question was desirable and for this purpose a committee was appointed to submit the facts and documents in the matter to the Congregational ministers of the country. The prudential committee will not take final action on the acceptance of Mr. Rockefeller's gift for two weeks and it is the intention of the protesting committee to learn, if possible, the general feeling among the clergymen of the denomination.

GAS WELLS ARE PRODUCING OIL

They are Located in the Vicinity of Gwynneville and Are Promising.

[Shelbyville Republican, Wednesday.]

Edward Evans, of Gwynneville, manager of the Gwynneville Natural Gas company, was in town today arranging business matters. Mr. Evans reports that some of his wells in that vicinity are producing some oil. In reference to one of his wells which is drilled only eight feet in treston rock Mr. Evans stated that salt water was appearing in a small amount and that he also had taken several vessels of oil of the best quality from it. As soon as the pressure of the gas in the well decreases sufficiently he will have it drilled deeper and is quite confident that from the developments now that he will secure a good flow of oil.

SUICIDE MAY BE IDENTIFIED SOON

Man Who Killed Himself at Hamilton Six Weeks Ago May be Known Soon.

Chief of Police Sipp, of Hamilton, O., was at Connersville yesterday and he stated that the unknown man who committed suicide in that city about six weeks ago, and who at first it was thought might be S. T. Tongret, formerly of this city, is still unidentified and the body continues to remain in the morgue at that place.

Everything has been done to ascertain the man's identity, but so far the officers have not the slightest clue to who he was or where he came from.

A newspaper reporter at Hamilton has been working on the case and has communicated with nearly every city in the country, and claims to have the man's identity nearly established.

According to his story the unfortunate man, who is not past thirty-two years of age, got into trouble by forging checks, and believing that he was about to be detected made away with himself in order to escape the disgrace that would follow. It is said that he belonged to an excellent family, and the newspaper man who has worked up the case claims that he has written to the man's father and as soon as he receives that reply will publish the story.

Picturesque Moorish Reception.
Tangier, Morocco, March 31.—Emperor William arrived here today and was received with all the pomp and pageantry of the Moorish court. He will continue his voyage to Gibraltar this evening.

TAMPERING MUST STOP

Trusts Find Itself Under Indictments if Practice is Carried Further.

Grand Jury Investigating Beef Trust at Chicago is Ready for Drastic Action.

Chicago, March 31.—Conspiracy indictments are threatened against the heads of the big packing concerns unless alleged tampering with witnesses before the federal grand jury is discontinued at once. With two witnesses on the stand who, it is asserted, admitted that they had been approached with a suggestion that their testimony be mild, the jury, it is declared, is getting ready to take drastic action.

"We will shut off interference with witnesses," said Assistant Attorney General Pagnin, "even if we have to resort to proceedings under the conspiracy statute to do so." Belief is general that Mr. Pagnin has already laid out plans of new indictments.

Fifteen witnesses were heard yesterday, three women being among those who testified. The women were said to be stenographers employed by the National Packing company. One of the witnesses was Charles E. Meed of Boston, formerly connected with Swift and Co.'s car lines. Mr. Meed said that he had not been in that business for three years and was able to testify only concerning the methods in use in carrying on the business. The witness said that since resigning his position Swift and company had disposed of their interests in the car line business. I. S. Curtis of T. E. Baker and company of Boston, and Frank Dimpom of Omaha, were other witnesses before the jury. Mr. Dimpom explained the meat business from the view of the medium through which the consumer obtains the meat.

The fifteen secret service men who have been frequenting the corridors of the building where the grand jury is in session, were not to be seen today. District Attorney Morrison was said to have ordered that waiting witnesses instead of spending their time in the vicinity of the jury room are to be concealed in down town hotels until called before the jury. In this way the witnesses will be more readily prevented from learning the identity of the secret service men watching for possible irregularities.

Ten men arrived in the jury room last evening and reported to the government officials. It is said that the ten are employed by railroads in Michigan.

BY THE WAYSIDE

An exchange aptly says: "Twenty years hence the boys of today will be men; they will be doctors and drunkards, lawyers and liars, senators and sneaks, thieves, editors and idiots, ministers and murderers, Democrats and Republicans, and so on down the line. It is impossible to tell to a certainty in what class your boy will be, but it is possible for your boy to be put into such influences as will steer him in the right direction. Follow the boy of twelve years and in twenty years some of them will be in congress while others will be in jail. What class is your boy training for?" The above is certainly an admonition to parents to guard the interests of their boys. It behooves them to see that all of the good influences that can be brought to bear on them be exerted. It would be well if more parents would forego the pleasures of so many social functions and so much club life in order that not only their boys, but their girls as well, may be looked after.

So poor are the Russian peasants, says Dr. E. J. Dillon in an article in the Nineteenth Century, that even the roach and black beetle can not find sustenance in their huts.

THE WEATHER.
Fair Tonight. Saturday Increasing Cloudiness.

RUSHVILLE, IND. MAR. 31, 1905.

The profits of the tobacco trust for
the year, 1904, were \$12,235,131.

The "twentieth century church" in
New York recently dedicated cost a
million dollars.

John O. Belheimer, of Washington,
is announced as a candidate for auditor
of State. He is at present chief deputy
in the State auditor's office.

After a strenuous life of a few years
and a loss of considerable money the
two Republican papers at Hartford
City have consolidated. This action
is doubtless wise from both a busi-
ness and political standpoint. The
field is too small for two papers of the
same political faith, for in this day
the making of a newspaper costs a lot
of money.

FEDERAL PATRONAGE

Indiana Senators Not Yet Ready to Announce Appointments.

Indianapolis, Ind., March 31.—Thos.
Ship, private secretary to Senator
Beveridge, said today that the appoint-
ment of postmasters for the Fourth
district will not be announced this
week. Senators Beveridge and Hem-
enway have reached an agreement re-
lative to the division of patronage.
Neither will announce any recommen-
dations for appointment for postmas-
ter until the other is ready with his
list. Senator Beveridge is now hear-
ing from delegations from practically
every place in the Fourth district
where there is a first, second or
third class postoffice. Senator Hem-
enway is hearing applicants from the
Third district. While Senator Hem-
enway was here he called on Senator
Beveridge and the appointment of
postmasters was discussed. It is
probable they will have their lists
ready for announcement by the first
of next week. Nearly fifty party
workers from Madison were here to-
day to see Senator Beveridge regard-
ing the appointment of a postmaster
there. The candidates are James
White, a civil war veteran and M. C.
Garber, who is now completing his
third term. If Garber is reappointed
he will be the oldest postmaster in
the state in point of continuous ser-
vice. He has secured a very liberal
endorsement from business men of his
community and stands a good chance
for reappointment. Postmaster Mas-
ters of Seymour, was here this after-
noon in company with Charles and
Edward Remy, prominent Beveridge
men. He will probably be reappoint-
ed. It is also understood that Senator
Beveridge will reappoint William
Stevens as postmaster at Columbus.

Some startling figures gathered by
State Statistician Stubbs shows that
in Tippecanoe county last year there
was one divorce to every three mar-
riages. There were 346 marriages
and 123 divorces. This is a record
breaker for the state. Tippecanoe
county is the home of Governor Hanly
and of the Purdue university. In
Warrior county, the home of Senator
Hemenway, the number of divorces
last year was equal to twenty-six per
cent of the number of marriage li-
censes, which is second to the record
of Governor Hanly's county. Vigo
county is third with twenty-three per
cent, and Sullivan fourth with twenty-
one. Marion county is way down in
the list, many of the rural counties
being away ahead of it. The smallest
per cent of divorces was in Lake
county where it was but 3.2. The
total number of divorces last year in
the state was 3,419; marriages 28,088;
per cent of divorces for the entire
state 12.1. Marion county leads in the
number of marriages. These figures
will probably be used as the basis for
a new crusade for more stringent
divorce and marriage laws.

The announcement that George A.
H. Shideler of Marion is about to be-
come a candidate for the chairmanship
of the Republican state committee
created a stir among the party lead-
ers, few of whom knew that he con-
templated asking for the place. As
predicted his probable candidacy will
cause an immediate lining up of the
leaders of the various elements that
are anxious to control the organiza-
tion. It was learned today that sev-
eral party leaders who are in on the
game to elect Shideler were dismayed
at the publicity it was given. It was
their intention to make no announce-
ment until after they had their lines
laid in all directions. It was reported
today that Shideler's candidacy has
the O. K. of Senator Beveridge and
his lieutenants here although they
have been keeping quiet about it.
Shideler has always been a strong
Beveridge man and it would not be
surprising if he should be regarded
as a Beveridge candidate.

A boom was started today for Capt.
Harry S. New for the Republican nom-
ination for mayor. Captain New was
picked two years ago by the anti-
Bookwater element to make the race
for the nomination but he refused.
It is learned that negotiations have
been entered into with Captain New
and while he is not favorably inclined
towards the proposition he has not
refused to become a candidate. Cap-
tain New's intimate friends are not
inclined to believe that he will be-
come a candidate for mayor as they
think he desires to become the actual
head of the national organization for
the campaign of 1908. As mayor he
would not be able to take such an
active part in national politics which
is more to his liking than the local
game, so he may refuse to be drawn
into the contest over the municipal
offices.

Dispatches from St. Petersburg re-
port several arrests of prominent ter-
rorists belonging to the inner or
"bomb" section.

A new constitution for the Trans-
vaal has just been signed in London,
and will shortly be presented to parlia-
ment for its deliberation.

The Colorado legislature has passed
the bill introduced for the purpose of
enabling the Colorado & Southern rail-
way to absorb other roads in Colorado
and adjoining states.

The American Smelters Exploration
company has been incorporated at
Trenton, N. J., with an authorized cap-
ital of \$54,500,000 to conduct mining
operations of every description.

The secretary of the Interior has or-
dered the withdrawal from entry of
690,000 acres of land in Oregon and
90,000 acres in Washington on account
of the Umatilla irrigation project.

NO NEGOTIATIONS

Peace Talk Has Developed Nothing Tangible So Far as Known.

MERELY SPECULATION

While Conjectures and Discussion
Are Prevalent It Is Denied That
Negotiations Have Commenced.

It Is Evident, However, That the
First Definite Step May Be
Taken at Any Moment.

London, March 31.—Peace talk is
prevalent everywhere, but that nego-
tiations have commenced is still posi-
tively denied in all official circles
here. The foreign office disclaims
even having any knowledge of peace
proposals. It is quite evident, how-
ever, that while the first definite step
may be taken at any moment, an ad-
vance further than indicated in the
press dispatches may be postponed in-
definitely. Baron Hayashi, the Jap-
anese minister, declares that he has
no information in regard to the an-
nouncement contained in the St. Pe-
tersburg dispatches that Russia had
indirectly made known to Japan the
negative conditions on which peace
might be concluded, namely no cession
of territory and no indemnity, leaving
Japan to determine whether peace ne-
gotiations could be begun upon that
basis, but he said unreservedly that
the terms then mentioned could not
even be considered, and added: "A
cession of territory and an indemnity
are the only points negotiable, as Jap-
an's ante-bellum demands have al-
ready been secured by Japan."

M. Takashi (the Japanese special
financial commissioner) said: "The
war cost between \$250,000,000 and
\$800,000,000 the first year, and it is
estimated that it will cost \$350,000,000
during the present year. It would be
unprecedented in the history of great
wars that no indemnity and no terri-
tory be given up by the vanquished.
While it is beyond my province to dis-
cuss the terms of peace, I can express
my personal opinion that as the war
was forced upon Japan it is not likely
that she will waive the right to an
indemnity and cession of territory
when concluding peace. What indem-
nity will be demanded I cannot say,
but it is my private opinion that it
will at least cover the expense of the
war. If Russia assumes that a con-
tinuance of the war will deplete our
finances before hers, it will be another
mistake of judgment on her part. We
can maintain a sufficient army in Man-
churia to keep out the Russians in-
definitely, but this will necessitate
Japan remaining in Manchuria and
administering the province on a war
footing, which we do not desire. Man-
churia is fertile and productive and an
army can be maintained there more
economically than in the case of the
opposing force in Siberia. If Russia
is prepared for the test of a war of
finances we are willing. The longer
the war lasts the more certain it will
be that it will not be resumed."

M. Takashi spoke interestingly re-
garding the internal conditions in
China since the Chino-Japanese war.
He said China was awakening. The
government was now making rapid
 strides along the lines on which Japan
had developed. China was sending pu-
pils abroad to study and bringing in
foreign instructors. Many of these
were Japanese and a rapprochement
between the two countries was steady-
ly being effected. The Manchurians
were delighted with the Japanese ad-
ministration wherever it was in force,
because they permit no lawlessness
and administer perfect justice.

For Safety Couplers.
Springfield, Ill., March 31.—The sen-
ate committee on railroads has re-
ported out for passage a bill to compel
railroads to equip cars with automatic
couplers and continuous brakes and
locomotives with driving wheel brakes,
designed to secure greater safety for
employees.

Double Tragedy in Illinois.
Collinsville, Ill., March 31.—In a
three-cornered shooting affair here
Mrs. John Berta and Barney Vossallo
were killed and John Berta, husband
of the woman, was slightly wounded.
He was released from custody on the
coroner's jury verdict of justifiable
homicide.

Follows Indiana's Lead.
Lansing, Mich., March 31.—The low-
er house of the state legislature in
committee of the whole adopted a
bill prohibiting the sale and use of
cigarettes and cigarette material. The
bill is similar to the one acted upon in
the Indiana legislature.

One Way of Finding Out.
Vladimir, European Russia, March
31.—The governor of Vladimir has cal-
led on the postoffice authorities to
furnish the names of all subscribers
in his government to the liberal paper
Nachajurn and Nachidni.

Missed His Mark.
St. Petersburg, March 31.—A man
dressed as a porter fired three revolver
shots at a secret police agent in Great
Morskaja street yesterday afternoon.
All the shots missed their mark. The
assailant was arrested.

PRODUCED GOOD IMPRESSION

Haytians Will Welcome Presence of American Warship.

Port au Prince, Hayti, March 31.—
Provoked by Haytian soldiers, some
scenes of disorder have occurred in
the streets, but were quickly sup-
pressed by the police. The govern-
ment has decided to maintain order
and has taken great precautions. All
the troops are confined to their bar-
racks, and it is believed that in spite
of the excitement among the people
against the Syrians that rioting will be
avoided. President Nord has issued
orders to vigorously suppress all at-
tempts to pillage. All the Syrians
have closed their stores and those who
are American or French citizens or
British subjects have hoisted the flags
of their respective nationalities over
their residences and stores. The lat-
ter will remain closed for several days.
The Syrians believe they will be able
to reopen for business April 4, hoping
that the excitement of the populace
will have calmed down by that time,
but the hostile attitude of the people
against the Syrians leads to the fear
that grave incidents may occur the
day they reopen their stores if the
measures taken for their protection
are not sufficient. The news that an
American warship had been ordered to
this port has produced a good impres-
sion among the members of the for-
eign colony.

Passengers Had Narrow Escape.
Helena, Mont., March 31.—A Great
Northern passenger train was wrecked
just east of the basin, presumably by
the engine striking a rock that had
slipped down the mountain side. The
train was running along the canon
of the Boulder river when the engine
struck the obstruction. The locomotive
was thrown from the track, land-
ing in the river, badly wrecked. En-
gineer John Webber was instantly killed
and fireman Davis had an arm and
leg crushed. Only the engine and ten-
der left the track, the passengers es-
caping with a severe shaking up.

New York Likes Subways.
New York, March 31.—An elaborate
supplemental system of underground
railroad lines in Greater New York,
which if constructed on the plans sug-
gested will entail an expenditure of
hundreds of millions of dollars, has
been outlined in a report submitted to
the commission's committee on plans
and contracts. Fourteen separate routes
are provided for in the plans.

Held the Automobile.
Los Angeles, Cal., March 31.—Dar-
bee Hook, reputed millionaire, has
been charged with manslaughter by the
coroner's jury investigating the
cause of the death of Miss Margaret
Birtwistle who was run down and
fatally injured here last Sunday by
an automobile driven by young Hook.

To Review Felton's Case.
New York, March 31.—Stewart A.
Felton, known to the sporting frater-
nity as "Big Frank," who has been in
the Tombs prison for several months
charged with murder in the first de-
gree, in having killed Guy Roche, a
gambler, has been released in \$25,000
bail.

Evil Influence of Dime Novels.
Chicago, March 31.—Dime novels
paved James A. Logan Jr.'s way to the
penitentiary according to the boy's
confession to Judge Barnes, who sen-
tenced him to the Joliet prison for
life for the murder of Mrs. Della
Tracey in Hyde park, Feb. 26.

Washington, March 31.—The eque-
strian statue of Lafayette, the work of
Paul Bartless, will not be ready for the
fete on July 4, which was planned by
the Lafayette memorial commission,
and the event has been postponed un-
til 1906.

TERSE TELEGRAMS
Russell Sage, who has been serious-
ly ill, is greatly improved and is able
to leave his bed.

Fire in the New York state reform-
atory at Elmira caused \$50,000 dam-
age. No one was hurt.

Rear Admiral Robley D. Evans as-
sumed command of the combined
North Atlantic fleet today.

Near Huntington, W. Va., a boiler in
a small sawmill blew up, killing three
men and injuring two others.

The Chinese government, it is said,
proposes reorganizing the army of
China and reconstituting its navy.

MINCE PIE! WELSH RABBIT!

Can You Eat 'Em Whenever You Like,
or Do They Frighten You?

There is no reason why any ordinary
mortal should not eat anything he
chooses—if he chews it carefully.
How about you?
Are you afraid of every good-looking,
good-smelling, good-tasting thing on the
bill of fare—because it "don't agree with
you"? Do you meet your Waterloo at
mince pie and Welsh rabbit?
Then listen:
Don't starve yourself. Dieting can-
not cure dyspepsia. If you cut off every
article of food that disagrees with you,
before long you will have nothing left.
The sensible way is to get your stom-
ach in such a condition that you can eat
everything and digest it.
We have a new remedy that will do
this.

Reall Dyspepsia Tablets give you the
stomach of an ostrich and the appetite of
a farm hand.
We know what Reall Dyspepsia Tab-
lets are and we guarantee them to cure
all stomach troubles.
Price 25 cents per full size package.
At our store only, or by mail.

COUNTY NEWS

Gowdy.

Little Cecil Hardy is seriously sick at this writing.

Mrs. Smith, of Milroy, visited Mrs. Jane Ross, of Gowdy, Sunday.

John Armstrong, of Shelbyville, was at Gowdy Tuesday and Wednesday of this week.

Cecil Tague, of Milroy, visited at Dal Green's Saturday and Sunday.

Newt Jones, of Moscow, is doing carpenter work for Orlando Lee. He will also build a new house for uncle George Alter.

George Hardesty closed a successful term of school here Wednesday.

Frank Hewitt is able to ride out this fine weather.

John Stewart is very sick at his sister's, Mrs. William Tinsley's.

Aunt Polly Redenbaugh is some better.

Mrs. Dal Green called on Mrs. L. A. Wagoner, of Gowdy, Monday evening. Her many friends are glad to see her able to ride out again.

Harry Selby's little girl Carmen has been very sick but is some better.

Julius Myers, who had his leg broken last week, is not getting along very well.

Mrs. James Honey who has had a siege of thirteen weeks with a broken leg, caused from an automobile, is able to ride out; she can walk a little with the aid of crutches.

Pearl Thorpe is visiting her sister, Mrs. Buell, in Decatur county.

Several of the teachers in Orange will attend Normal this spring.

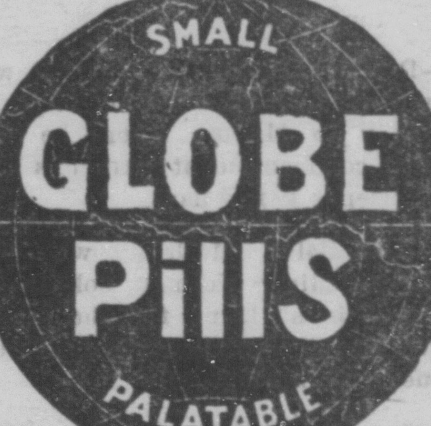

Sunday school was organized at Big Flatrock last Sunday with Alva Hungerford, superintendent.

D. O. Alter rides in a new rubber tire of late.

SOLID SILVER FURNITURE

The latest novelty is a solid silver suite of furniture. One has just been completed in London for the Eastern palace of an Indian Prince and consists of a massive four-post bedstead which has absorbed a ton of silver, twelve dining room chairs, a dining table, two divans, four center tables, a lady's dressing table and a cabinet made up the suite which took over a year to make and weighed five tons. Its value is estimated at \$175,000.

QUALITY not QUANTITY
Is what one wants in medicine. **GLOBE PILLS** are small but mighty powerful. Are purely vegetable.

If you suffer from headaches, nausea, lack of appetite or you are bilious or constipated, ask your nearest druggist for a box. Price, 50c.

For sale by J. L. ASHWORTH.

NEW YORK FASHIONS

Pattern For Lady's Negligee or Dressing Sack by Martha Dean

Essentially feminine is the negligee, and every woman should have two or three pretty ones in her wardrobe for the many emergencies when no other garment is quite so appropriate and comfortable. It is in the pretty ones that the bright woman will take her most comfortable ease, secure in the consciousness of such a graceful garment. In the model shown we have a style that is good, yet one that can easily be copied in cheap materials without lessening its charm. The front is made with four tucks in the shoulder, which supply a good fullness over the bust. Extra width as well as style is shown in the back by the double box plait which forms a sort of wattleau back. This long plait, reaching from neck to hem, gives the figure a much better line than the backs which are gathered to a yoke and which invariably give one a round shouldered look. The sleeve may be in flowing or bishop style. The front may be finished by ribbons or in any preferred manner. Such a garment, being loose fitting, is one of the few styles that could be made and sent to some distant friend. Not only chalice, silk and lightweight woollens are employed in its construction, but cotton, especially cotton crepe, is exceedingly pretty. Pattern No. 6342. Sizes, 32 to 42 inches bust measure.

DIRECTIONS FOR ORDERING

Send 10 cents to this office, give number of this pattern, No. 6342, and state size desired. It will then be sent to you by mail postpaid. Be sure to write plainly and always give full address. Several days must be allowed for delivery of pattern.

Practical Recipes For the Housewife

CHIPPED PEARS.

Eight pounds each of chopped pears and sugar, half pound of preserved ginger, four lemons. Roll lemons fifteen minutes and chop fine, rejecting seeds. Boil all together, and when pears are done skim them out and boil down syrup. Put back the pears and cook till clear.

TOMATO CHOWDER.

One peck of green tomatoes chopped fine. Drain all green water off and scald fruit in salt and weak vinegar. Chop one large head of cabbage, six onions, six green peppers and some horseradish, mix with the tomato, and one ounce of white mustard, and cover with good vinegar. Very fine.

OYSTER SALAD.

To one can of oysters, one-half a small head of cabbage, finely chopped, and eight crackers, rolled fine, add this. Dressing: Beaten yolks of three eggs, two tablespoonfuls of sugar, one of butter, one teaspoonful each of salt and mustard, and two-thirds cupful of vinegar. Cook until thickened, stirring constantly.

HOME MADE CANDY.

Boil together two cupfuls of sugar, one of milk, and butter the size of an egg. Melt and brown one cupful of sugar in a hot saucepan, stirring constantly to prevent burning. When brown, pour in the other ingredients and let cook until candy will harden in cold water. Take from the fire and stir until it grows thick, and pour on a greased platter after you have stirred in a cupful of nut meats. The nuts may be omitted.

NUT STICK.

Rob one-half tablespoonful butter into one pint of flour; add one rounding teaspoonful of baking powder, one-half teaspoonful salt; mix thoroughly; then add just enough milk to roll into a dough; roll out one-quarter inch thick; brush with milk and spread with chopped hickory nut or almond kernels; press into dough with rolling pin; cut into rings and sticks; lay into greased pans and bake a delicate yellow. When serving, arrange four sticks in two rings for each person. These are delicious accompaniments to the salad course.

A precedent embarks a principle.—Disraeli.

BREAKFAST.
Oranges.
Cereal and Cream.
Fried Fish. Potato Cakes.
Biscuits. Coffee.

DINNER.
Vermicelli Soup.
Chicken Pie.
Eggplant Deviled. Squash.
Potato au Gratin.
Custard Pie.
Coffee.

SUPPER.
Curry of Veal. Rice.
Fried Oyster Plant.
Cream Cakes. Cocoa.

FRIED OYSTER PLANT.—Scrape the oyster plant and put at once into very cold water having in it a few drops of vinegar; drain and cut into two inch pieces; boil in plenty of water, salting sufficiently as they are about done; take out when cooked, drain, dip into frying butter and fry in very hot fat; garnish when serving with fried parsley.

GOD BLESS THE GIRL WHO WORKS

The girl who works is brave and true and noble. She is not too proud to earn her own living or ashamed to be caught at her daily task. She smiles at you from behind the desk or counter or printer's case. There is a memory of her sewed up in the silent gown. She is like a brave mountaineer already far up the precipice—climbing, struggling, rejoicing. The sight should be an inspiration to us all. It is an honor to know this girl and be worthy of her esteem. Lift your hat to her, young man, as she passes by. Her hand may be stained by dishwashing, sweeping, factory grease or printer's ink, but it is an honest hand and a helping hand. It stays misfortune from home; it supports an invalid loved one maybe; is a loving potent shield that protects many a family from the almshouse. All honor to the brave toilers! God bless and protect the girl that works!

A New York lecturer says that a baby's cries should be made musical; that the mother should carry a tuning fork and when the child is about to make a prolonged howl she should give him the proper note. This may solve the problem of babies in flats, for the objection is not so much to the sound of the child's voice as to its peculiar pitch.

WHAT IS CATARRH?

Hyomei Cures This Common and Disagreeable Disease.

Hyomei cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of the catarrhal poison, heals and soothes the irritated mucous membrane, enters the blood with the oxygen and kills the germs present there, effectually driving this disease from the system.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the nose, throat, bronchial tubes or tissues of the lungs.

husking of voice
discharge from the nose
stoppage of the nose
achings of the body
drooping in throat
mouth open while sleeping
tickling back of the palate
formation of crusts in the nose
dryness of the throat
in the morning
loss of strength
spasms of coughing
cough short and hacking
cough worse night and mornings
loss in vital force
a feeling of tightness across the upper part of the chest

Hyomei will cure the disease, destroy activity of all germ life in the respiratory organs, enrich and purify the blood with additional ozone, and after a few days use of this treatment the majority of these symptoms will have disappeared. In a few weeks the cure will be complete.

Catarrh or catarrhal colds cannot exist when Hyomei is used. This is a strong statement, but F. B. Johnson & Co. emphasize it by agreeing to refund your money if Hyomei does not cure.

We belong to the Merchants' Association.

WHAT'S Your Idea about Paint?

LOW PRICE is
LOW QUALITY.

Paint "as good as"

THE SHERWIN-WILLIAMS PAINT

(there's none better) cannot be sold for less than we ask. If less is asked, you know the quality is lower and it's not cheap. It's poorly made, contains poor material, or is short measure. You get what you pay for every time.

SOLD BY

The People's Drug Store.

ASHWORTH & STEWART.

Cor. 2nd and Main

PURITY and INDIANA PRIDE, Are Our Leading Brands of Flour.

They are made from strictly good WHEAT and used by the best families in Rushville and Rush county. These flours are sold and guaranteed by all the LEADING GROCERS of Rushville and Rush county. Made at home in one of the best mills in the state.

LOCAL BREVITIES

Joyce Logan is in very poor health at his home on Noble township.

Dr. F. M. Hackleman has sold his lot on Tenth street to Mrs. Omie Case.

M. V. Sivey has sold his two lots on Oliver and Tenth streets to W. O. Headlee.

C. F. Felton continues about the same, but is able to be up most of the time.

Master Paul Offutt had one of his fingers badly mashed Tuesday evening by a stone.

Born yesterday afternoon to Mr. and Mrs. Robert Cconover, an eight pound boy.

Mrs. Simp Davis is very sick at her home on West Second street with erysipelas.

Mrs. Anna Cox is making some improvements to her property on North Morgan street.

W. A. Jones purchased a fine mare at a sale at Greensboro this week paying \$270 for her.

—Mrs. Frank Mock and Mrs. T. M. Greenlee were the guests of friends at Indianapolis Thursday.

Miss Georgia Wyatt was able to be out a short time yesterday at her home on North Main street.

Greeley P. McCarty has opened a paint store in the Churchill building on North Main street.

Chester, son of Mr. and Mrs. L. L. Smith, of New Salem, has a broken arm, the result of a fall.

A. B. Hinchman is preparing to make some changes to his property on North Main street.

Mrs. Ed. Medd, who has been quite sick with pneumonia for some time at his home in Noble township, is now convalescent.

The Connorsville Daily Examiner comes out with a new heading, which to our mind, greatly improves its appearance.

Mr. and Mrs. Will Frow have moved to Homer from their late home in Noble township. Mr. Frow has taken a position at the tile mill.

WHAT WALL PAPER WILL DO.

Make a dingy, shabby room look attractive and handsome. Change a dark, gloomy room to a bright cheery place. Make the whole interior of a house look like a new place. New bed room, new kitchen, new parlor and so on through the entire house.

To work these changes you need not spend much. Stop in and let us show you our papers and tell you how to do the most for the least money.

F. B. JOHNSON & CO.,
Drugs and Wall Paper.

Dr. W. H. Smith had his automobile out for the first time today.

Mrs. Elizabeth Stevens, who is sick at her home in Noble township, is reported better today.

William Fitzgerald is laid up with a sore foot the result of stepping on a nail yesterday at the power house, where he is employed.

Street Commissioner Pat Barrett had his force of men at work today on Main street cleaning out the gutters in the down town district.

The old adage that "if March comes in as a lamb it will go out like a lion, or vice versa," received a bad jolt today for the weather was never finer.

Edward K. Strattan, a wealthy farmer, near New Castle, suffered a dislocated shoulder and other injuries in a runaway accident near Spicileand.

The Greensburg's merchants' association has completed its organization by electing L. D. Braden as president. The association has a membership of twenty-five.

Miss Florence Matlock, daughter of Mr. and Mrs. Noah Malcek, south of town, accidentally cut one of her fingers one day this week and it is causing her considerable pain.

J. L. Champion, driver for the Rushville steam laundry, accidentally tore one of his hands yesterday while climbing into his wagon at the laundry. The injury is causing him considerable pain.

Mrs. O. C. Hackleman is the oldest person now living in Rushville who was born in this city. Her maiden name was Caroline Worster, and she was born in a log house that stood on the site of the Scanlan house.

J. H. Frazee and H. E. Barrett, representing the Rushville Co-Operative Telephone company were at New Salem today looking into the prospects of selling the New Salem branch to the company recently organized at that place.

Tomorrow, Saturday, the New Castle high school team will open the season at Carthage with the Carthage high school team. Manager Publow and Captain Rhoades with several others, spent part of Monday and Tuesday in putting the diamond in good shape. The battery will be Rhoades, Behler and Kinder.

Brookville Democrat: Married, at the U. B. parsonage on Monday by Rev. John Seelig, Mr. Charles McKay, of Rushville, and Miss Alice Patterson, of Laurel.

Dr. J. C. Sexton today removed the cast from Claude Matthews leg and it was found to be mending nicely. Mr. Matthews leg was broken in a fall some time ago at his brother's home west of town.

A farmer said this morning that the prospects for a large wheat crop are good. The growth at this time is not rank, but the spring rains and sunshine will bring it out wonderfully, he says. The wheat wintered well because the growth was not too rapid last fall.

Morristown Sun: Morris Winship, of Rushville, has the contract for erecting nine tool houses to be placed at intervals along the I. & C. traction line between Indianapolis and Rushville. The one for the Morristown station, about 12 feet square, will be completed this week.

From present indications all efforts to place a canning factory in Greensburg have been without avail. While many of the farmers of the county were willing to devote a small portion of land toward raising products for the new enterprise, there were also several that did not take to the idea at all.

The barn and office owned by Dr. Edgar Money, near Marietta, were consumed by fire yesterday afternoon. The doctor was absent at the time, and his wife, on seeing the blaze, ran to the stable, and after some effort, succeeded in rescuing the old family horse. The damage by fire amounts to \$900, with insurance of \$700.

The preliminary hearing of George Dipple, Jr., charged with shooting George Thurston on March 16th, at Shelbyville, was set for hearing before Squire Keeth yesterday. The sheriff, armed with a grand jury warrant, waited at the justice's office and when Dipple made his appearance he placed him under arrest and took him before Judge Sparks, who released him on bond of \$1000. Thurston, whom Dipple shot, was removed to his home on Wednesday, and it is thought he will be out in another week.

Carthage items, Knightstown Banner: Saturday night, at 8 o'clock, Marshal Duncan was notified by telephone that a horse and buggy had been stolen from the racks at Rushville. The outfit stolen was a sorrel mare and a buggy with red running gear. Duncan kept a sharp watch from 8 to 9 o'clock for the possible chance of catching the thief, but to no good. The man had driven safely through Arlington and was apparently headed toward Carthage.

Local horticulturists are somewhat worried over the March weather that we are receiving. Trees are budding rapidly as a result of the unusual March warmth. Records for the month in the way of a high temperature have already been broken up to date. There is danger of the trees reaching a too advanced stage of leafing for this month, and as much more cold weather is expected before the spring actually gets here, they claim that there is danger that the fruit trees will be sadly injured.

The sad day is here when the head of the house goes home to dinner and finds a spade which his wife has dug out of the woodhouse, resting in some prominent place.

Knightstown Banner: Paul Elliott, son of Frank Elliott, residing on the old Welborn farm, near Ogden, while loading baled hay on a wagon, lost his hold and fell backward on the boom pole, and, striking on the small of his back, was badly injured. A Knightstown physician passing by was called in and to some extent eased him of his pain. This accident occurred on Friday morning last, and he is better, and as he is a strong young man of 20 years of age, he will doubtless recover.

Richmond Palladium: Switchmen in the Panhandle yards are experimenting with a new lantern known as the "Casey" which is a great improvement over the old style. The important features are that the wick can be turned, the same made larger or smaller, by turning the bottom of the oil reservoir, instead of opening the lantern, the current entering the bottom is deflected so that it is impossible to extinguish the flame by waving the lantern. The success of the lantern is assured and it may be generally adopted by the entire Pennsylvania system.

The attention of the people who happened about the corner of Main and Third streets about 11:30 this morning was attracted to a little sparrow which was struggling with a piece of cord, that was entangled with a straw about three feet long. The bird conceived the idea that the material would contribute largely to its nest which was being built above the awning on the front of the Farmers' bank. The bird made repeated efforts to carry the straw but it found that it was too heavy. Alighting in the street it picked away at the string until it separated it from the straw and then it carried each separately to the nest.

CHURCH NEWS

The Baptist church at Homer has organized a Sunday school and elected officers.

The M. E. Sunday school won the \$15 prize for selling the most tickets for the New-boys' concert.

Rev. P. H. Rowan, pastor of the Catholic church, has almost recovered from his recent illness and is now able to be out.

Rev. W. P. McGarey will preach the baccalaureate sermon to the graduating class at New Salem on Sunday afternoon, April 9th.

Rev. W. W. Sniff will occupy his pulpit as usual Sunday Morning and evening. The morning subject will be "Answered Prayer."

Captain Stanton and wife, of the Connorsville branch of the Salvation Army held services at the Heavenly Recruit church Wednesday night.

The Sunday school orchestra of the Main Street Christian church, which numbers fifteen pieces will give a short concert before the Sunday school service Sunday morning, commencing at 9 a. m. sharp.

The Central Christian church at Columbus has been ordered sold at sheriff's sale on Saturday, April 23d. The sale is to be made to satisfy the judgment entered against the church during the last term of court.

The old Union Methodist Protestant church, near Shelbyville, will be rededicated next Sunday; preachers officiating, the Rev. John Heim, Indianapolis; the Rev. S. S. Stanton, Greenfield, and the Rev. J. C. Ledbetter, Swayzee.

LODGE NOTES

The Knights of the Maccabees had work last night.

The Order of Pestalozzi will meet tomorrow afternoon at the Red Men's hall for the purpose of initiating several candidates.

Rushville Commandery, Knights Templar, had work last night in the Order of the Temple and Appendant orders.

The Masons are said to be considering the purchase of R. W. Cox's property on North Main street as a site for their new temple.

F. M. Sparks was at Indianapolis yesterday and filed articles of incorporation with the auditor of State for the local Masons, who have formed a company to erect the new temple.

Have an Erect Figure

Square shoulders and manly bearing are always admired. They compel attention and conserve the health. The simplest and surest means of securing a fine figure is by wearing

The Radium Shoulder Brace

It straightens the shoulders; throws out the chest; strengthens the lungs; fits snugly under the arms without binding. Recommended strongly by physicians. The back of the brace is of fine curved spring steel, covered with satin-antenn under the arm, and patent cast-iron hooks. Women, girls and boys' brace is of smaller pattern, with patent clasps which cannot tear or cut the garments. Prices: Men's \$1.50. Women's, boys and girls, \$1.25.

Every brace guaranteed.
